Bluegame BGX60 'VAYANA'

EUR 2'390'000 excl. VAT | 19m | 2021

KEY POINTS

- Luxurious 2-cabin layout with spacious master suite and panoramic views (can be refitted into 3 cabins)
- High-end amenities including a Miele dishwasher, wine cooler, Teppanyaki grill, and ice maker
- Versatile outdoor spaces with large deck, hydraulic swim ladder and sunbathing areas
- Easy handling with joystick controls and dynamic positioning system (DPS), night vision FLIR and easy dock mooring hook. It's like a stylish pick up truck on the water, hidden hydraulic crane, easy to launch tender, multi function space.
- Year-round comfort with underfloor heating, towel warmers, and well-insulated interiors
- The only BGX60 with a connecting door between the master cabin and the corridor to the guest cabin, where the Miele washer/dryer is located — very practical, because there is no need to go up and down again to move laundry between cabins.
- 265'000 EUR spent on her by the current owner, about 220'000 EUR of it on the refit - everything is documented
- Factory lithium batteries with a fire bulkhead:
- A 45.3 kWh lithium system, fitted when the boat was built, at a cost of around 150'000 EUR. A standard BGX leaves the yard with 20 kWh of gel batteries — the sealed lead-acid type — and only about half of that can be drawn before they need recharging. The usable capacity here is roughly four and a half times greater. In practice the air conditioning runs all night on the batteries and the generator runs about three hours a day. Safety is built in: the main computer watches cell temperature, the cells sit in two insulated stainless steel boxes with forced ventilation, and if a cell catches fire the system closes a fire bulkhead.

SPECIFICATIONS

Builder:	Bluegame
Model:	BGX60
Model Year:	2021
Flag:	Swiss
Hull/Superstructure:	GRP / GRP
Hull shape:	Planing
Designer:	Luca Santella / Zuccon Studio
Classifications:	CE cat. B
Length overall:	19.02 m
Beam:	5.30 m
Draft:	1.42 m
Cabins:	2 + 1
Berths:	4 + 2
Heads:	2 + 1
Max Guests:	12
Engines:	2 x Volvo Penta IPS 1200 D13
Engine power:	2 x 900 hp
Engine hours:	613 h
Fuel Type:	Diesel
Drive Type:	Pod Drive
Generator:	18 kW
Generator hours:	670 h
Stabilisation:	Gyroscopic Seakeeper 9
Max Speed:	30 kn
Cruising Speed:	26 kn
Economy speed:	8 kn
Range:	1030 nm
Fuel Tank:	3000 l
Water Tank:	1000 l
Black Water Tank:	600 l

MECHANICAL EQUIPMENT

- Gear Box: Yes
- Steering: Hydraulic IPS
- Water Maker: 220 l/h, Schenker Modular 230
- Fuel Filters: Yes, 2x with back up bypass system
- Air Conditioning: Reverse A/C
- Bow Thruster: 170 kgF
- Trim Tabs: Interceptors
- Boiler: 2x 90l

ELECTRICAL SYSTEMS

- Shore Power: 2x 63 Amps
- Electricity Output: 18 kW
- Converter: Victron Quattro 15 kW
- Main Engine Starting Batteries: 4x 24 V AGM
- Generator Starting Batteries: 1x 12 V AGM

AUDIO VISUAL EQUIPMENT

- Audio Equipment: 4x Fusion including
- Video Equipment: 3 cameras - 2x engine room and 1 stern
- Cabin Equipment: 4 TVs

DECK EQUIPMENT

- Anchor Windlass: Yes
- Aft Warping Capstans: Yes, 3x bow, 2x aft
- Anchors: Ultra Marine 45kg
- Anchor Chains: 120m, inox
- Boat Crane & Davits: Yes
- Passerelle: Yes, hydraulic

GALLEY & LAUNDRY EQUIPMENT

- Winecooler: Under pilot seat, capacity 12 bottles
- Grill: Electric teppanyaki in wetbar
- Cooking Equipment: Induction, Bosch
- Extractor Fan: Yes
- Dishwasher: Miele, autodose
- Refrigerator: 3x
- Freezer: Yes
- Ice Maker: Yes
- Washer/Dryer: Miele Twin Dos

SAFETY & FIRE PROTECTION

- Security Equipment: Yes
- CCTV Systems: Yes
- Cameras: Yes
- Monitors: Yes
- Life Jackets: 12+2 children
- Life Rafts: 2x for 6 people with 2 additional grab packs
- Flares: Yes
- Medical Equipment: Yes
- Smoke Sensors: Yes
- Fire Control System: 2x lithium batteries and engine
- Fire Extinguishers: Yes
- Fire Alarms: Yes

TENDERS & TOYS

- Tenders: Williams Jet Tender - Turbojet 325
- Recreation: 2x bean bags
- Water Toys: Towables - Jobe Binar 2

REFIT

Major refit in Croatia from October 2025 - February 2026

The owner bought her after a survey on 29 January 2025, which priced the repairs she needed at about 170 000 euro. The work in Croatia went further, as more appeared in use. The figures come from his own records, backed by survey, estimate and payment schedule.

Main features of the refit

- Superstructure laminated and painted:
The parts of the superstructure that carry load were laminated, and the whole structure was painted instead of finished in gelcoat. This matters later: paint can be repaired without the colour mismatch that makes gelcoat repairs on a coloured hull so difficult, and there is no polishing to keep up. The owner has photographs of the work.
- Anchor and windglass:
A 45 kg Ultra Marine anchor with 120 m of stainless chain, replacing the standard 30 kg Bruce anchor and 80 m of galvanised chain. The heavier anchor and longer chain open up anchorages the standard set-up cannot hold in. The windlass mounting was also reinforced, doubled up and fully laminated.
