Discover the Lagoon 42, a new build sailing catamaran with a 4-cabin layout and standard rigging. Available immediately in France.

An architectural achievement, the Lagoon 42 is a catamaran with an ambitious design and an attractive interior space, as well as a cozy cockpit with elegant curves. A single level connects the aft platform to the salon. Entirely new ergonomics ensure excellent use of space and ease of circulation on board, guaranteeing maximum freedom of movement.

A white Lagoon 42 catamaran is shown sailing on a blue ocean under a clear sky. The boat has two masts with white sails. The hull number '42' is visible on the side. The boat is moving through the water, creating a white wake. The background shows a vast expanse of blue water and a clear sky.

With the mast located further aft and the self-tacking jib, this Lagoon 42 guarantees the best sailing performance and user-friendliness—all maneuvering elements can be combined centrally.

As a 4-cabin version, this Lagoon 42 can accommodate up to twelve passengers when the saloon table is converted into a double berth and the forepeaks are fitted out.

The huge saloon remains identical, aligned with Lagoon's standards: panoramic view of the exterior, exceptional ventilation, easy to move around, durable and select materials.

The incredible comfort of the owner's suite is matched by the quality of the materials and the rigour of the assembly.

The aft cabins are equipped with queen size beds, enjoy natural lighting and remarkable ventilation.
