# Lagoon 51

Price: EUR 1'423'000 excl. VAT 15.35m | 2024

The flybridge is optimized to cover 80% of its roof. Equipped with a modular, spacious C-shaped seating area with a table that can be lowered, creating an XL sunbathing area, it can accommodate many guests by the helm and relax alongside the captain.

Two staircases lead to the fly, one for the helmsman and one for the guests. This double access allows for a great flow between living spaces on board, a common theme throughout the entirety of the yacht.

Full headroom in the flybridge allows for this space to be safely appreciated both at anchor and underway.

The extended transoms bring safe and practical access to the dock side, while the tenderlift acts as a large balcony by the sea.

At mooring, the platform transforms into a bathing platform, an invitation for swimming and relaxing in the water.
