6'200'000 EUR VAT not paid | 18m | Portugal

***The 60 Sunreef Power is a versatile and modern electric power catamaran offering exceptional comfort, seaworthiness, and extensive customization options.***

The 60 Sunreef Power is a versatile and modern electric power catamaran offering exceptional comfort, seaworthiness, and extensive customization options. With a contemporary and sporty design, it aligns with Sunreef Yachts' latest power range, which includes the 60, 70, 80, and 100 Sunreef Power models. This luxury catamaran is designed for easy maneuverability, making it ideal for both crewed and owner-operated navigation.

Featuring an impressive beam, the 60 Sunreef Power offers a vast, semi-open saloon that seamlessly blends with the aft cockpit. The main deck's interior lounging and dining space is fully customizable and bathed in natural light from the skylight and panoramic glazing. The spacious hulls provide generous volumes that can be tailored to fit any navigation plan and lifestyle, ensuring a perfect match for any owner's needs.

You can now commission a 60 Sunreef Power Eco, a solar catamaran that represents the future of sustainable yachting. This eco-friendly model integrates advanced solar technology, ensuring an environmentally conscious and energy-efficient yachting experience without compromising on luxury and performance.
