Sunreef 80 'NALA ONE'

5'995'000 EUR excl. VAT | 24m | Croatia

Meet Nala One, a rare floating palace with a smart 3-cabin layout with lots of space for lounging and sunbathing

Her vast main saloon with 360° sea view features a lounging area to starboard, a dining space to portside with a table for up to 10 people and also a bar with a wine-cooler and retractable TV. To the bow, the saloon gives access to the forward terrace with a generous sunbathing area.

As part of the successful Sunreef 80 Sailing catamaran family, she offers all the advantages this model has become famous for.

Towards the aft, the sliding door opens onto the cockpit, offering a dining space, a sunbathing area surrounded by kumquat trees, a wet bar and also a huge comfortable lounge bed that allows you to sleep or enjoy the view all from the comfort of a niche in the shade, well protected from the sun, always with a breeze of air.

The multifunctional hydraulic aft platform carries the tender when underway and when at anchor it is lowered into the water to act as your private yacht beach, for easy access into the water. It is from here where you easily launch all the water toys or access the floating pontoon like platform called yacht beach to double the surface area of the platform.

A very special feature of this beautiful catamaran is a flybridge with immense living space and fantastic view. A perfect place to soak up the sun or take shelter under the roof, have long alfresco brunches or dinners at a large height-adjustable table, or gather around a BBQ bar for an aperitif while the Chef prepares your meal.

Accommodations

Nala One sleeps up to 6 guests in supreme comfort thanks to a smart 3-cabin layout. The yacht's starboard hull houses the opulent master suite with a king-size bed, a sofa, desk, dressing corner and an elegant en-suite bathroom with a view clad in light grey quartz.

Further to the bow, the guest cabin features a large double bed, plenty of storage and a big bathroom. Another identically set up cabin is found in the port hull along with the yacht's galley and crew quarters.
